

Maths treasure hunts and Maths Missions

Maths treasure hunts are aimed at pupils aged 5 to 7

Maths missions are aimed at pupils aged 8 to 11

These activities will help children to look for mathematics in their environment and to use their maths knowledge.

Pupils can attempt these independently or with their peers or anyone else in the home!

Do talk about and discuss the mathematics – Maths is real-life and fun!

Show us your treasure hunts and maths missions!
@enigmamathshub

I We're going on a treasure hunt I

Can you use real objects for maths treasure?

Maths treasure Part 1

Have a look out for some car number plates and write them down.

Can you put the number plates in order looking at the numbers on the number plates?

Maths treasure Part 2

Using two digits and letters from your own name can you make up some number plates of your own?
