

# Maths treasure hunts and Maths Missions

Maths treasure hunts are aimed at pupils aged 5 to 7

Maths missions are aimed at pupils aged 8 to 11

These activities will help children to look for mathematics in their environment and to use their maths knowledge.

*Pupils can attempt these independently or with their peers or anyone else in the home!*

Do talk about and discuss the mathematics – Maths is real-life and fun!

*Remember to use the tips and try to remember them*

Show us your treasure hunts and maths missions!  
@enigmamathshub

**B** We're going on a treasure hunt .....

Can you use real objects for maths treasure?

Maths treasure 1

Find your favourite toy.

Can you find two things which are **heavier** than your toy?

Can you find two things which are **lighter** than your toy?

Treasure tips to remember!

1 kilogram = 1kg

1kg = 1000 gram = 1000g

0.25kg = 250 gram

12 months in a year
